

CREATING **HEALTH CERTAINTY** AT WORK

## ABOUT US

# Your trusted partner in health

**KINNECT's story began in 1996. We had a simple aim to help people. Fast forward to today and our mission remains the same.**

We are proud to have grown to be the largest privately-owned occupational health organisation in Australia. We operate 13 clinics and have a network of over 350+ Affiliated partner clinics across Australia and New Zealand.

We deliver a full range of Occupational Health, Rehabilitation and Injury Prevention services that help create greater health certainty for our clients.

### Industry Leaders

Australia's largest privately-owned Occupational Health Provider.

### Integrated Services

Comprehensive services from hire to retire and everything in between.

### A National Footprint

With 350+ locations throughout Australia and New Zealand.

### Customised Solutions

A tailored approach ensures the right solution for your business.

CREATING **HEALTH CERTAINTY** AT WORK

## OUR SERVICES

# Integrated health solutions

Our team consists of Occupational Physicians, Occupational Health Doctors, Nurses, Physiotherapists, Occupational Therapists, Exercise Physiologists, Psychologists and Rehabilitation Counsellors. With all these health disciplines under one roof, we can deliver a full suite of Occupational Health services for our clients, unlike any other provider.

### WORK INJURY PREVENTION

Our simple, tailored solutions for your workplace will reduce the risk of injury and ensure a strong return on investment for your business. With more than two decades of experience, we have proven methods for effective and engaging programs guaranteed to reduce workplace injuries.

Our Services include:

- Pre-Employment Medicals
- Pre-Employment Functionals
- Ergonomic Assessments
- Manual Handling Training
- Job Dictionaries / Task Analyses

### HEALTH MANAGEMENT

With our tailored health management solutions, you can be sure that the risk to your workplace and associated indirect costs are minimised. Our revolutionary Carelever platform provides a turnkey approach to the management of your employee's health and wellbeing.

Our services include:

- Rehabilitation & RTW Services
- Health Surveillance/Monitoring Programs
- 24/7 Injury KINNECT Hotline
- Onsite Drug and Alcohol Testing
- Immunisations
- Respirator Fit Testing
- Independent Medical Examinations
- Occupational Medicine Consulting

## OUR LOCATIONS

# Seamless provision, Australia-wide

KINNECT have 13 conveniently located clinics distributed throughout Queensland, Victoria, New South Wales, South Australia and Western Australia. In addition, we have more than 350 Medical and Allied Health Affiliates nationally. This allows us to coordinate Pre-Employment Medical and Functional Assessments close to where your candidates are located, making it easier and more convenient. For added convenience, we can also complete many of our services on-site.

**13**

KINNECT Clinics

**150+**

Pathology Clinics

**350+**

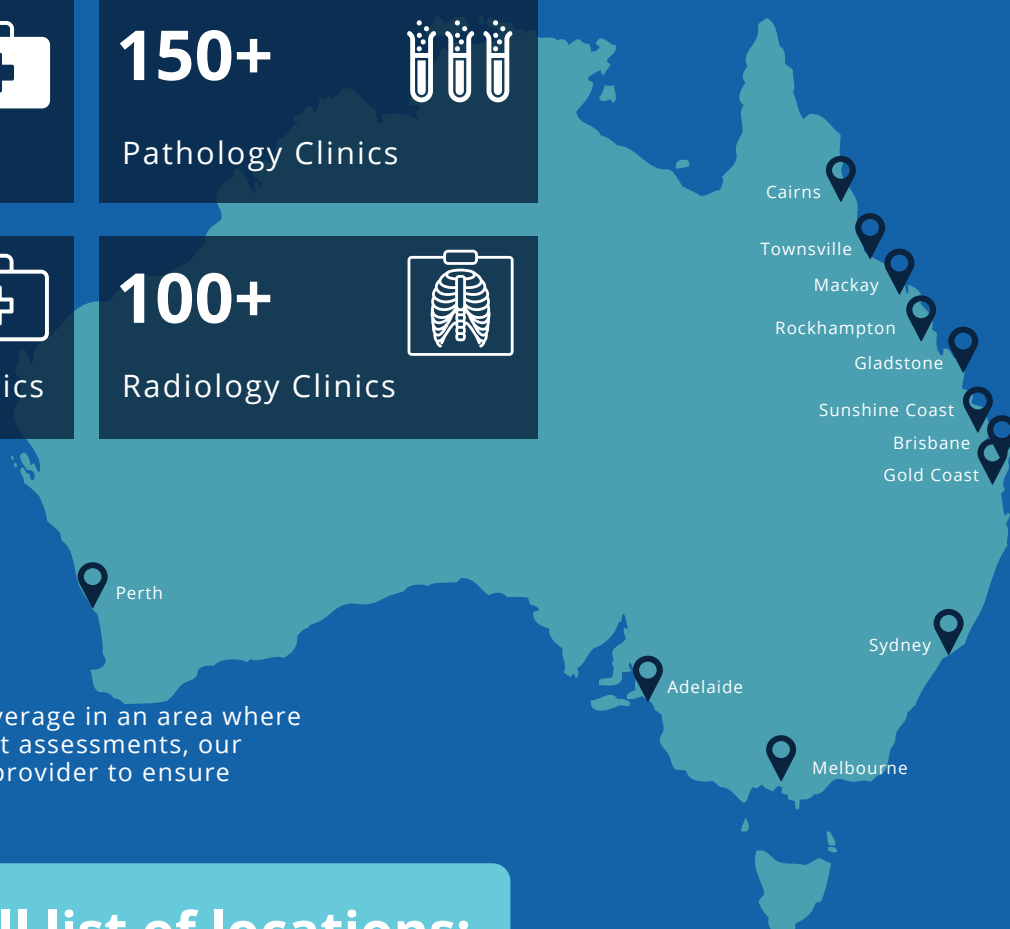

Affiliate Partner Clinics

**100+**

Radiology Clinics

If we don't have existing coverage in an area where you require pre-employment assessments, our Affiliate team will source a provider to ensure seamless service provision.
